

A Message from the White Hall Educators!!!

Dear families,

Thank you all for warm valentine wishes! Our children had fun exploring Love and Friendship this month. We learnt, being a good friend means developing skills such as cooperation, sharing, giving, and accepting compliments and apologies. We hope we all have become more loving, caring, and friendlier this month.

Spring! We are eager to welcome the warmer weather and start enjoying more outdoor activities. The spring rains are almost upon us. We believe the related outdoor physical activities are especially important for our children's health and the development. With that we would like to politely remind families to bring proper outdoor clothing for their children. Since the weather is quickly changing and it is hard to predict what the days would shape, we encourage everyone to provide their children's with warm clothing, boots, jackets, mittens, hoody etc., so the staff can dress your child accordingly.
